Forwarded message From: **Rob Thomas** Subject: Welcome to IBM, HashiCorp

Congratulations, Dave. Would you please share this welcome note on my behalf to HashiCorp employees?

Dear HashiCorp team,

Let me be among the first to welcome you to IBM. HashiCorp is an established leader in multi-cloud infrastructure automation, and I am excited to work closely with each of you. Upon close, IBM intends to increase R&D investment in HashiCorp, amplify the go-to-market reach, and accelerate the HashiCorp mission.

Enterprise clients are wrestling with an unprecedented expansion in infrastructure and applications across public and private clouds, as well as on-prem environments, and partnering with companies like HashiCorp to better manage the complexity.

Your impressive track record and cutting-edge capabilities will be a wonderful fit as a team in IBM Software. Combining IBM's portfolio and expertise with HashiCorp's capabilities and talent will create a comprehensive hybrid cloud platform designed for AI.

In addition, HashiCorp's offerings help clients take a cloud-agnostic, and highly interoperable approach to multi-cloud management, and complement IBM and Red Hat's commitment to industry collaboration, developer communities, and open-source hybrid cloud and AI innovation.

As part of IBM, HashiCorp technology will scale to a level never before possible: 175 countries, Fortune 500 enterprises, governments around the world, and a global ecosystem of distribution partners.

We expect the deal to be completed by the end of 2024, subject to regulatory approvals and customary closing conditions. We expect to form a transition team of HashiCorp and IBM members to ensure HashiCorp employees have a smooth and successful onboarding to IBM and that we successfully integrate IBM and HashiCorp technologies.

This acquisition presents unparalleled opportunities for the future, and we're excited to get the journey started. I look forward to meeting you soon for a joint town hall where we will share more details.

You are joining IBM at a pivotal point in our history. From our investments in hybrid cloud and AI to the introduction of our watsonx AI and data platform, we've never been better positioned to deliver for our clients and partners. And together with HashiCorp that progress will only accelerate.

Congratulations and I look forward to working more together in the coming months.

Respectfully,

Rob Thomas, SVP, IBM Software and Chief Commercial Officer
